Muhammad Muzamil

Quality Assurance | UI/UX Designer | Seo Optimization | operational manager (Aus)

Lahore, Punjab, Pakistan

Summary

Wanile Technologies relies on contributions in Quality Assurance to support software testing and usability improvements. Collaborating with our team, the focus is on identifying critical bugs and delivering a seamless user experience. This role builds on a foundation in UI design, ensuring software interfaces are as functional as they are user-friendly.

The University of Lahore education in Software Engineering strengthens technical expertise in web development and QA. Motivated to grow as a dependable team member, the goal is to enhance product quality while advancing skills in testing and design.
